HOW TO CITE RULES AND RSMo

RULES—Cite material in the *Missouri Register* by volume and page number, for example, Vol. 24, *Missouri Register*, page 27. The approved short form of citation is 24 MoReg 27.

The rules are codified in the *Code of State Regulations* in this system—

Title	Code of State Regulations	Division	Chapter	Rule
1 Department	CSR	10- Agency, Division	1. General area regulated	010 Specific area regulated

They are properly cited by using the full citation, i.e., 1 CSR 10-1.010.

Each department of state government is assigned a title. Each agency or division in the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraph 1., subparagraph A., part (I), subpart (a), item I. and subitem a.

RSMo—Cite material in the RSMo by date of legislative action. The note in parentheses gives the original and amended legislative history. The Office of the Revisor of Statutes recognizes that this practice gives users a concise legislative history.

Rules appearing under this heading are filed under the authority granted by section 536.025, RSMo 2000. An emergency rule may be adopted by an agency if the agency finds that an immediate danger to the public health, safety or welfare, or a compelling governmental interest requires emergency action; follows procedures best calculated to assure fairness to all interested persons and parties under the circumstances; follows procedures which comply with the protections extended by the *Missouri* and the *United States Constitutions*; limits the scope of such rule to the circumstances creating an emergency and requiring emergency procedure, and at the time of or prior to the adoption of such rule files with the secretary of state the text of the rule together with the specific facts, reasons and findings which support its conclusion that there is an immediate danger to the public health, safety or welfare which can be met only through the adoption of such rule and its reasons for concluding that the procedure employed is fair to all interested persons and parties under the circumstances.

Rules filed as emergency rules may be effective not less than ten days after filing or at such later date as may be specified in the rule and may be terminated at any time by the state agency by filing an order with the secretary of state fixing the date of such termination, which order shall be published by the secretary of state in the *Missouri Register* as soon as practicable.

All emergency rules must state the period during which they are in effect, and in no case can they be in effect more than 180 calendar days or 30 legislative days, whichever period is longer. Emergency rules are not renewable, although an agency may at any time adopt an identical rule under the normal rulemaking procedures.

*CSR 45-4.390 and 11 CSR 45-10.110, this amendment ensures the Commission's ability to conduct thorough investigations, including criminal background checks. Thorough investigations are critical to ensure public health, safety and welfare with regard to occupational licensees. If a thorough investigation is not conducted, there is a danger to the public that an unsuitable individual will be licensed. For example, if, during the preceding year, a licensee has been convicted of or plead guilty to a felony, and this fact goes undetected because of insufficient resources to complete a thorough investigation, the license could be renewed and the public welfare put at risk. Alternatively, if these investigations are delayed by the increasing administrative burdens described above, then upon expiration of their licenses individual license holders will be unable to work pending the completion of the investigation. This inability to earn a paycheck places a significant financial burden on individual workers and their families. Therefore, Commission finds that an immediate danger to the public health, safety and welfare exists. The scope of this amendment is limited to the circumstances creating the emergency and complies with the protections extended by the *Missouri* and *United States Constitutions*. Emergency amendment filed October 4, 2000, effective October 14, 2000, expires April 11, 2001.*

(5) The initial annual fee for occupational licenses shall be paid in *[a prorated amount to cover the time from the due date of the initial fee until the date of birth of the applicant or licensee.]* full to cover the first year of licensure. The license expires annually on the last day of the month of issue. *[Thereafter, t]*The annual fee shall be paid in full and shall be due upon application for renewal of the license.

(6) Each occupational license shall expire *[upon the date of birth of the licensee]* annually on the last day of the month of issue, but the licensing hearing shall be subject to being reopened at any time.

Title 11—DEPARTMENT OF PUBLIC SAFETY Division 45—Missouri Gaming Commission Chapter 4—Licenses

EMERGENCY AMENDMENT

11 CSR 45-4.380 Occupational License Application and Annual Fees. The commission proposes to amend sections (5) and (6).

PURPOSE: *This amendment changes the expiration date of an occupational license from the licensee's date of birth to annually on the last day of the month of issue.*

EMERGENCY STATEMENT: *This amendment provides uniformity to the occupational licensing process. Currently licenses expire annually upon the date of birth of the licensee, which causes additional processing and record keeping demands both at the time of issuance as well as at renewal. These problems are exacerbated at this time by the fact that the Commission is implementing a new computer licensing system that does not allow for partial years. Currently, initial licenses are valid for a partial year, from the date of issue through the licensee's birth date. The new system does not provide for partial years and will require that the licenses be valid for one year from the date of issue. This emergency amendment is necessary to ensure that funds due the State are properly collected and accounted for. Together with the proposed amendments to 11*

Title 11—DEPARTMENT OF PUBLIC SAFETY Division 45—Missouri Gaming Commission Chapter 4—Licenses

EMERGENCY AMENDMENT

11 CSR 45-4.390 Occupational License Renewal. The commission proposes to amend section (1).

PURPOSE: *This amendment changes the deadline for submission of renewal forms by occupational licensees.*

EMERGENCY STATEMENT: *This amendment changes the deadline for submission of renewal forms by occupational licensees. This amendment works in coordination with the proposed amendment to 11 CSR 45-10.110 and 11 CSR 45-4.380, which propose*

that occupational licenses expire annually on the last day of the month of issue. Currently, the Commission has only thirty days before the expiration to conduct its investigation and process the renewal application. This amendment will allow approximately fifteen additional days in which to conduct thorough investigations, including criminal background checks. Thorough investigations are critical to ensure public health, safety and welfare with regard to occupational licensees. If a thorough investigation is not conducted, there is a danger to the public that an unsuitable individual will be licensed. For example, if, during the preceding year, a licensee has been convicted of or plead guilty to a felony, and this fact goes undetected because of insufficient resources to complete a thorough investigation, the license could be renewed and the public welfare put at risk. Alternatively, if these investigations are delayed by the increasing administrative burdens described above, then upon expiration of their licenses individual license holders will be unable to work pending the completion of the investigation. This inability to earn a paycheck places a significant financial burden on individual workers and their families. All of the aforementioned factors are exacerbated at this time by the fact that the Commission is implementing a new computer licensing system that does not allow for partial years. Currently, initial licenses are valid for a partial year, from the date of issue through the licensee's birth date. The new system does not provide for partial years and will require that the licenses be valid for one year from the date of issue. Emergency amendment filed October 4, 2000, effective October 14, 2000, expires April 11, 2001.

(1) On or prior to [thirty (30)] fifteen (15) days before the month of expiration, each occupational licensee shall file for renewal on forms provided by the commission (see 11 CSR 45-4.190, Appendix A) or authorize a Class A licensee to submit an application for renewal on his/her behalf in accordance with 11 CSR 45-10.110. Alternatively, each occupational licensee may file for renewal as provided in 11 CSR 45-10.110(2).

Title 11—DEPARTMENT OF PUBLIC SAFETY Division 45—Missouri Gaming Commission Chapter 10—Licensee's Responsibilities

EMERGENCY AMENDMENT

11 CSR 45-10.110 Licensee's Duty to Report Occupational Personnel. The commission proposes to amend section (1), (2), and (3), and insert a new section.

PURPOSE: This amendment changes the procedure for the commission to receive notice of an occupational license applicant or

licensee's intent to go forward with the licensing or renewal process.

EMERGENCY STATEMENT: This amendment changes the procedure for the Commission to receive notice of an occupational license applicant or licensee's intent to go forward with the licensing or renewal process. This amendment coordinates with 11 CSR 45-4.390 which changes the deadline for submission of renewal forms for occupational licensees. Currently, the Commission has only thirty days before the expiration to conduct its investigation and process the renewal application. This amendment will allow approximately fifteen additional days in which to conduct thorough investigations, including criminal background checks. Currently, there is no provision to ensure that occupational licensees are properly accounted for when they transfer from one Class A licensee to another Class A licensee near their license expiration dates. Such transfers have begun occurring with increasing frequency. These transfers are outside of the control of the Commission and place additional and unnecessary demands on staff to locate and properly account for these licensees. These additional demands limit the Commission resources available and, consequently, restrict the Commission's ability to conduct thorough investigations, including criminal background checks. Thorough investigations are critical to ensure public health, safety and welfare with regard to occupational licensees. By clearly providing for proper accounting of occupational licensees who transfer from one Class A licensee to another Class A licensee near their license expiration dates, this amendment ensures the Commission's ability to conduct thorough investigations of occupational licensees. If a thorough investigation is not conducted, there is a danger to the public that an unsuitable individual will be licensed. For example, if, during the preceding year, a licensee has been convicted of or plead guilty to a felony, and this fact goes undetected because of insufficient resources to complete a thorough investigation, the license could be renewed and the public welfare put at risk. Alternatively, if these investigations are delayed by the increasing administrative burdens described above, then upon expiration of their licenses individual license holders will be unable to work pending the completion of the investigation. This inability to earn a paycheck places a significant financial burden on individual workers and their families. All of the aforementioned factors are exacerbated at this time by the fact that the Commission is implementing a new computer licensing system that does not allow for partial years. Currently, initial licenses are valid for a partial year, from the date of issue through the licensee's birth date. The new system does not provide for partial years and will require that the licenses be valid for one year from the date of issue. This emergency amendment is necessary to ensure that funds due the State are properly collected and accounted for. Therefore, the Commission finds that an immediate danger to the public health, safety and welfare exists. The scope of this amendment is limited to the circumstances creating the emergency and complies with the protections extended by the Missouri and United States Constitutions. Emergency amendment filed October 4, 2000, effective October 14, 2000, expires April 11, 2001.

AUTHORITY: sections 313.004, 313.800, 313.805 and 313.822, RSMo 1994. Emergency rule filed June 25, 1996, effective July 5, 1996, expired Dec. 31, 1996. Original rule filed June 25, 1996, effective Feb. 28, 1997. Amended: Filed July 2, 1997, effective Feb. 28, 1998. Amended: Filed May 13, 1998, effective Oct. 30, 1998. Emergency amendment filed Oct. 4, 2000, effective Oct. 14, 2000, expires April 11, 2001. A proposed amendment covering this same material is published in this issue of the Missouri Register.

Under this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

Entirely new rules are printed without any special symbology under the heading of the proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least 30 days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than 30 days after publication of the notice in the *Missouri Register*.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the 90-day-count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than 30 days from the date of publication of the new notice.

Proposed Amendment Text Reminder:

Boldface text indicates new matter.

(Bracketed text indicates matter being deleted.)

PURPOSE: *This proposed rulemaking will ensure Missouri's continued compliance with the Hydrogen Sulfide (H₂S), Sulfuric Acid*

Mist and Sulfur standards and Ambient Air Quality Standards by updating the reference method for H₂S, by adopting the approved Environmental Protection Agency standard reference method for sulfuric acid mist, and by updating the reference method for sulfur. The evidence supporting the need for this proposed rulemaking, per section 536.016, RSMo, is written correspondence from the U.S. Environmental Protection Agency identifying discrepancies and requesting the methods update.

(5) The concentration of hydrogen sulfide (H₂S) in the ambient air shall be determined by *the coulometric titration of H₂S with bromine as specified by the Phillips Scientific and Analytical Equipment Manufacturer's Provisional Manual H₂S Conversion Set PW9701/00J* scrubbing all sulfur dioxide (SO₂) present in the sample and then converting each molecule of H₂S to SO₂ with a thermal converter so that the resulting SO₂ is detected by an analyzer as specified in 40 CFR part 50, Appendix A—*Reference Method for the Determination of Sulfur Dioxide in the Atmosphere* or an equivalent method approved by 40 CFR part 53, in which case the calibration gas used must be National Institute of Standards and Technology traceable H₂S gas.

(6) The concentration of sulfuric acid mist *[and sulfur trioxide]* in the ambient air shall be determined *[by sampling for the concentration of total sulfur in the ambient air and subtracting the concentrations of sulfur dioxide and hydrogen sulfide]* as specified in the *Compendium Method 10-4.2, Determination of Reactive Acidic and Basic Gases and Strong Acidity of Fine-Particles (<2.5 μm)*, Center for Environmental Research Information, Office of Research and Development, U.S. Environmental Protection Agency, Cincinnati, OH 45268, EPA/625/R-96/010a.

(7) The percent sulfur in liquid hydrocarbons shall be determined as specified by ASTM D/(129-64) (2622-98), *[Standard Method of Test for Sulfur in Petroleum Products and Lubricants by the Bomb Method] Sulfur in Petroleum Products by X-Ray Fluorescence Spectrometry.*

PROPOSED AMENDMENT

10 CSR 10-6.200 Hospital, Medical, Infectious Waste Incinerators. The commission proposes to amend subsections (2)(E) and (2)(T). If the commission adopts this rule action, it will be submitted to the U.S. Environmental Protection Agency to replace the current rule in the Missouri State Plan that fulfills 111(d) and 129 Plan requirements.

PURPOSE: This amendment adds explanatory language in the definitions of co-fired combustor and medical/infectious waste necessary for correct interpretation. The evidence supporting the need for this proposed rulemaking, per section 536.016, RSMo, is the correspondence via E-mails between the Kansas City Health Department and the U.S. Environmental Protection Agency showing the deficiency in the current definitions.

(2) Definitions.

(E) Co-fired combustor means a unit combusting hospital waste and/or medical/infectious waste with other fuels or wastes and subject to an enforceable requirement limiting the unit to combusting a fuel feed stream, ten percent (10%) or less of the weight of which is comprised, in aggregate, of hospital waste and medical/infectious waste as measured on a calendar-quarter basis. For purposes of this definition, pathological waste, chemotherapeutic waste, and low-level radioactive waste are considered “other wastes” when calculating the percentage of hospital waste and medical/infectious waste combusted.

(T) Medical/infectious waste means any waste generated in the diagnosis, treatment, or immunization of human beings or animals, in research pertaining thereto, or in the production or testing of biologicals that is listed in paragraphs (2)(T)1. through (2)(T)7. below/—/. The definition of medical/infectious waste does not include hazardous waste identified or listed under the regulations in 40 CFR part 261; household waste, as defined in 40 CFR part 261.4(b)(1); ash from incineration of medical/infectious waste, once the incineration process has been completed; human corpses, remains, and anatomical parts that are intended for interment or cremation; and domestic sewage materials identified in 40 CFR part 261.4(a)(1).

1. Cultures and stocks of infectious agents and associated biologicals, including: cultures from medical and pathological laboratories; cultures and stocks of infectious agents from research and industrial laboratories; wastes from the production of biologicals; discarded live and attenuated vaccines; and culture dishes and devices used to transfer, inoculate, and mix cultures/—/.

2. Human pathological waste, including tissues, organs, and body parts and body fluids that are removed during surgery or autopsy, or other medical procedures, and specimens of body fluids and their containers/—/.

3. Human blood and blood products including:

- A. Liquid waste human blood;
- B. Products of blood;
- C. Items saturated and/or dripping with human blood; and
- D. Items that were saturated and/or dripping with human blood that are now caked with dried human blood; including serum, plasma, and other blood components, and their containers, which were used or intended for use in either patient care, testing

and laboratory analysis or the development of pharmaceuticals. Intravenous bags are also included in this category/—/.

4. Sharps that have been used in animal or human patient care or treatment or in medical, research, or industrial laboratories, including hypodermic needles, syringes (with or without the attached needle), pasteur pipettes, scalpel blades, blood vials, needles with attached tubing, and culture dishes (regardless of presence of infectious agents). Also included are other types of broken or unbroken glassware that were in contact with infectious agents, such as used slides and cover slips/—/.

5. Animal waste including contaminated animal carcasses, body parts, and bedding of animals that were known to have been exposed to infectious agents during research (including research in veterinary hospitals), production of biologicals or testing of pharmaceuticals/—/.

6. Isolation wastes including biological waste and discarded materials contaminated with blood, excretions, exudates, or secretions from humans who are isolated to protect others from certain highly communicable diseases, or isolated animals known to be infected with highly communicable diseases/—/ or/—/.

7. Unused sharps including the following unused, discarded sharps: hypodermic needles, suture needles, syringes, and scalpel blades.

AUTHORITY: section 643.050, RSMo [Supp. 1997] Supp. 1999. Original rule filed Dec. 1, 1998, effective July 30, 1999. Amended: Filed Oct. 13, 2000.

PUBLIC COST: This proposed amendment will not cost state agencies or political subdivisions more than \$500 in the aggregate.

PRIVATE COST: This proposed amendment will not cost private entities more than \$500 in the aggregate.

NOTICE OF PUBLIC HEARING AND NOTICE TO SUBMIT COMMENTS: A public hearing on this proposed amendment will begin at 9:00 a.m., February 6, 2001. Title 11—DEPARTMENT OF PUBLIC SAFETY
Division 45—Missouri Gaming Commission
Chapter 30—Bingo

PROPOSED AMENDMENT

11 CSR 45-30.600 Electronic Bingo Card Monitoring Devices. The commission is amending sections (1), (4)–(6), (10)–(12), (14), (17), (21), (23) and (25), and adding sections (26) and (27).

PURPOSE: This amendment clarifies the requirements for licensees to utilize EBCMD without disposable paper cards.

(1) “Electronic Bingo Card Monitoring Device” (*[(s)ometimes referred to as]* “EBCMD”) means an electronic device, approved by the commission, that is used by a bingo player to monitor bingo cards purchased at the time and place of a licensed organization’s bingo occasion, and which—

(A) Provides a means for bingo players to input numbers announced by a bingo caller; and

(B) Compares the numbers entered by the player to the numbers contained on cards previously stored in the electronic memory of the device; and

(C) Identifies the winning pattern.

EBCMD shall not mean or include any device into which coin, currency, or tokens are inserted to activate play.

(4) EBCMDs must be acquired by licensed suppliers from a licensed manufacturer and may only be rented, / or leased / or otherwise provided/ by licensed suppliers to licensed bingo operators.

(5) A licensed manufacturer seeking approval of an EBCMD site system software, or other bingo equipment uniquely adapted for use with an EBCMD, *[(m)ay]* will be required to submit a prototype of the device to a designated independent test laboratory as determined by the commission for approval prior to sale or installation in an approved bingo facility.

(6) No EBCMD shall be able to monitor more than fifty-four (54) bingo cards per game.

(A) *[(B)ingo card monitoring can only be used in conjunction with disposable bingo cards and must be entered into the EBCMD in a manner approved by the commission.]* An EBCMD shall be downloaded with electronic bingo cards only by an approved bingo worker or authorized representative of the licensed supplier if accompanied by an approved member of the licensed organization. In the event the EBCMD is the type used to monitor disposable paper bingo cards, an approved bingo worker or authorized representative of the licensed supplier accompanied by an approved member of the licensed organization must enter the bingo card face number(s) into the device. The entering of bingo card face number(s) into a device shall be done only on the premises of the licensed organization and during the bingo occasion.

(B) *[(B)If the EBCMD is not used in conjunction with a site system but rather requires a licensed organization to enter bingo card face numbers from disposable paper bingo cards, the device must not be able to have more than fifty-four (54) bingo card face numbers entered into its data*

base at any one time.] All downloading into the EBCMD, either from electronic bingo cards or disposable paper bingo cards, must be completed prior to the drawing of the first ball for that bingo occasion. If an EBCMD must be voided and reissued after the start of the game, the EBCMD must be reloaded with the same bingo face numbers or replaced with an EBCMD which was downloaded prior to the drawing of the first ball as described in 11 CSR 45-30.190.

(C) Organizations using EBCMD which require a site system to download electronic bingo cards to EBCMD must ensure that any disposable paper bingo cards used at the bingo occasion are of a different series than the electronic bingo cards, in order to avoid duplication of faces in play.

(D) Organizations using EBCMDs which are used in conjunction with disposable paper bingo cards must ensure that the disposable cards used with the EBCMD are of a unique color, either by screen face or by border, and not sold by the organization for use other than with an EBCMD.

(10) A site system shall not be able to load more than fifty-four (54) electronic bingo cards per bingo game into any one *[bingo card monitoring device]* EBCMD. *[, and t]* The site system must be interfaced with a printer which produces a continuous hard copy transaction log, including all sale, void and reload transactions and a printout showing the device identification number, and all of the bingo cards and their face numbers loaded into the device. A receipting function for electronic bingo cards must be self-contained within the site system and must record and print out on a copy which is given to the player, the device identification number or ticket number identifying the device, the date, number of electronic bingo cards purchased or loaded, and the total amount charged for the electronic bingo cards.

(11) A site system shall be able to provide the winning game patterns required for the entire bingo occasion on a hard copy printout. The printout must be available upon demand at the bingo occasion, if requested by commission personnel. **The site system shall print out all winning electronic bingo cards each occasion.**

(12) If the commission detects or discovers any malfunction or problem with an EBCMD or site system that could affect the security or integrity of the bingo game, *[the bingo card monitoring devices, or the site system,]* the commission may direct the supplier or licensed organization to cease providing or using the *[bingo card monitoring devices]* EBCMD or site system, as applicable. The commission may require the supplier to correct the problem or recall the devices or system immediately upon notification by the commission to the supplier. *[Failure to take the corrective action requested may result in confiscation or seizure of the devices and/or site system.]*

(B) Failure to discontinue use of the EBCMD or site system in such instances will result in disciplinary action by the commission.

(14) The licensed supplier shall invoice the licensed organization and collect any and all payments for the *[sale,]* rental*[,]* or lease*[,]* or other use of electronic bingo cards*[,]* of the EBCMD used by the licensed organization, and the sale, rental or lease of the site systems *[by]* to the licensed organization. The supplier shall also invoice the licensed organization and collect any and all payments for the sale of electronic bingo cards, including the applicable taxes as described in accordance with section 313.055, RSMo.

(17) EBCMDs shall be rented*[,]* or leased*[,]* or otherwise provided*[,]* to bingo players only by the licensed organization conducting the bingo occasion, and only at the time and place of the bingo occasion. A bingo player using *[a bingo card monitoring device]* an EBCMD must be physically present on the premises,

during the time of the bingo occasion, in order to be eligible to play bingo or win any bingo prize.

(21) *[At the licensed organization's discretion, a]* A bingo player may, in addition to the maximum fifty-four (54) bingo cards per game which he or she purchases to monitor with an EBCMD, purchase additional **disposable paper** bingo cards to play.

(23) All bingo cards used in conjunction with EBCMDs must conform to the restrictions in sections **313.005(2)** and **313.040(17)**, RSMo. Organizations utilizing EBCMDs must ensure that all bingo cards **including electronic facsimiles** used in conjunction with EBCMDs are disposable and are adequately marked to prevent reuse. Bingo cards of a series dedicated to or uniquely compatible with EBCMDs are permitted*[,]* provided that the design of any such bingo card does not necessitate the use of an EBCMDs for play*[.]*

(25) Game operators must require that all **disposable** bingo paper used in conjunction with the game is turned in by each player to the game operator and destroyed. Game operators who fail to comply with this requirement are subject to discipline pursuant to section 313.052, RSMo.

(26) The site system must provide accounting and revenue reports on a daily basis. Additionally, the system must be capable of providing weekly and monthly summaries of the daily reports. These reports must include, at a minimum, the following:

(A) Gross sales of all bingo cards sold and loaded into an EBCMD, gross sales voided and/or canceled and net sales of all bingo cards sold;

Title 13—DEPARTMENT OF SOCIAL SERVICES Division 70—Division of Medical Services Chapter 10—Nursing Home Program

PROPOSED AMENDMENT

13 CSR 70-10.015 Prospective Reimbursement Plan for Nursing Facility Services. The division is amending subsection (3)(N).

PURPOSE: This amendment changes the exemption of average private rate limitation, which was to expire with fiscal year end 2001 Medicaid cost reports, for an additional year to 2002 Medicaid cost reports.

(3) General Principles.

(N) The average Medicaid reimbursement rate paid shall not exceed the average private pay rate for the same period covered by the facility's Medicaid cost report. Any amount in excess will be subject to repayment and/or recoupment. The comparison of the average Medicaid reimbursement rate paid to the average private pay rate paid will not result in a repayment and/or recoupment until a facility has filed a cost report with a fiscal year ending after

January 1, [2001] 2002. For example, a nursing facility with a December 31, [2000] 2001, fiscal year-end cost report would not be used in the private pay rate comparison while a cost report ending on January 31, [2001] 2002, would be used in this comparison. This comparison will not be performed for any nursing facility licensed under Chapter 198, RSMo and operated by a district, city or county and receives local tax revenues.

AUTHORITY: sections 208.153, 208.159 and 208.201, RSMo 1994. Emergency rule filed Dec. 21, 1994, effective Jan. 1, 1995, expired April 30, 1995. Emergency rule filed April 21, 1995, effective May 1, 1995, expired Aug. 28, 1995. Original rule filed Dec. 15, 1994, effective July 30, 1995. For intervening history, please consult the *Code of State Regulations*. Amended: Filed June 29, 2000. Amended: Filed Oct. 6, 2000.

PUBLIC COST: This proposed amendment will not cost public entities or political subdivisions more than \$500 in the aggregate because nursing facilities which had private pay rates set below the Medicaid rate would increase private pay rates in order not to lose the maximum allowable amount of Medicaid funding.

PRIVATE COST: This proposed amendment will not cost private entities, including small businesses, more than \$500 in the aggregate.

NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed amendment with the Office of the Director, Division of Medical Services, 615 Howerton Court, Jefferson City, MO 65109. To be considered, comments must be received within thirty days after publication of this notice in the *Missouri Register*. If to be hand-delivered, comments must be brought to the Office of Medical Services at 615 Howerton Court, Jefferson City, Missouri. No public hearing is scheduled.

(C) An in-kind contribution may consist of staff time, supplies, utilities (if local space is required for the project), donated to the project.
(D) Permanent equipment is a separate line item requiring a 50/50 match of grant funds and local cash.
(E) Applicants that have a higher percentage of cash cost-sharing will be given preference when all other things are equal.

If the extension is not approved, the award may be canceled.

(10) Accounting.

(A) Grantees must keep financial records for each grant in accordance with agreed upon accounting practices. These records, as public records, shall be subject to inspection by Secretary of State staff and members of the MHRAB during regular business hours throughout the grant period and for the following three years after the grant period ends. If any litigation, claim, or audit is begun before the end of the three years, the records must be retained until such proceeding is resolved.

(B) Grant money must be deposited in an auditable, interest-bearing account, and interest received must be applied to the project.

(C) While the grantee cannot invoice expenses incurred before the grant period begins, expenses incurred after the grant period begins but before the monies are available are allowable.

(12) Conflicts of Interest.

(A) An MHRAB member shall abstain from reviewing or voting on proposals if s/he is indirectly connected with a proposed project through employment at the same institution, indirectly supervises the project, serves as an unpaid consultant to the project, or is an officer of the institution or association that submits the proposal. Nor may the board member be physically present during board discussion of such a proposal.

(B) An MHRAB member may participate in discussion of, but not vote on, a grant proposal if s/he merely subscribes to membership in the organization submitting the proposal, but holds no office.

AUTHORITY: sections 109.221.3 and 109.221.5, RSMo Supp. 1999. Original rule filed Oct. 6, 2000.

II. Summary of Fiscal Impact

Affected Agency or Political Subdivision:

Missouri State Archives, a Division of the Office of Secretary of State

Estimated Cost of Compliance in the Aggregate:

\$271,600 for the life of the rule (01/01/01 through 06/30/03)

III. Worksheet

Salaries and Wages	115,902
Fringe Benefits	35,640
Consultant Fees	73,000
Travel	14,868
Supplies and Materials	450
Services	11,740
Regrant Funds	20,000

- A. The Missouri Legislature appropriated \$150,000 in support of this program during the 1999-2000 legislative session. The remaining \$121,600 is a redirection of previously appropriated operating funds. The Missouri State Archives has applied on behalf of the Missouri Historical Records Advisory Board to the National Historical Publications and Records Commission to match the above listed funds to preserve and make accessible Missouri's historic records, and to promote archival education and promote cooperation among records keepers.
- B. A state agency's cost to develop and submit an application to the program should not exceed \$100. The MHRAB does not expect to receive a significant number of such applications, as most often funds in excess of \$25,000 are requested to preserve and make accessible the large collections held by state agencies. At this level of assistance, the NHPRC federal program would be the appropriate funding agency.

ORDER OF RULEMAKING

By the authority vested in the Conservation Commission under sections 40 and 45 of Art. IV, Mo. Const., the commission amends a rule as follows:

3 CSR 10-4.115 Special Regulations for Department Areas is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on September 1, 2000 (25 MoReg 2200-2203). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: No comments were received during the comment period.

ORDER OF RULEMAKING

By the authority vested in the Conservation Commission under sections 40 and 45 of Art. IV, Mo. Const., the commission adopts a rule as follows:

3 CSR 10-5.575 Nonresident Landowner Firearms Deer Hunting Permit is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on September 1, 2000 (25 MoReg 2203). No changes have been made in the text of the proposed rule, so it is not reprinted here. This proposed rule becomes effective **March 1, 2001**.

SUMMARY OF COMMENTS: Daniel Musholt, Quincy, IL, submitted a comment regarding fiscal impact to the State of Missouri. He feels any negative fiscal impact resulting from reduced permit fees for non-resident landowners would be offset by an increased number of permit buyers; therefore fiscal impact would be negligible.

RESPONSE: The Department of Conservation carefully reviewed the comments received. While an increase in revenue could result from increased hunter participation, it is an unknown. Figures were based on the average of the number of non-resident deer and turkey permits purchased in past years. The Department finds that there is no cause for a change in the rule.

3 CSR 10-5.576 Nonresident Landowner Firearms Any-Deer Hunting Permit is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on September 1, 2000 (25 MoReg 2203-2204). No changes have been made in the text of the proposed rule, so it is not reprinted here. This proposed rule becomes effective **March 1, 2001**.

SUMMARY OF COMMENTS: Daniel Musholt, Quincy, IL, submitted a comment regarding fiscal impact to the State of Missouri. He feels any negative fiscal impact resulting from reduced permit fees for non-resident landowners would be offset by an increased number of permit buyers; therefore fiscal impact would be negligible.

RESPONSE: The Department of Conservation carefully reviewed the comments received. While an increase in revenue could result from increased hunter participation, it is an unknown. Figures were based on the average of the number of non-resident deer and turkey permits purchased in past years. The Department finds that there is no cause for a change in the rule.

**Title 4—DEPARTMENT OF ECONOMIC
DEVELOPMENT**
Division 240—Public Service Commission
Chapter 32—Telecommunications Service

ORDER OF RULEMAKING

By the authority vested in the Missouri Public Service Commission under sections 386.040, RSMo 1994 and 386.250(6), RSMo Supp. 1999, the commission rescinds a rule as follows:

4 CSR 240-32.110 Surety Bonding Requirements for Basic Local
Telecommunications Companies is rescinded.

A notice of proposed rulemaking containing the proposed rescission was published in the *Missouri Register* on August 1, 2000 (25 MoReg 1957). No changes were made in the proposed rescission, so it is not reprinted here. This proposed rescission becomes effective thirty days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: This rescission was proposed in conjunction with a proposed replacement rule. Most of the comments received were directed to the proposed replacement rule. The Staff of the Public Service Commission filed comments indicating that the existing rule provides that the required surety bond be made payable to the Missouri Public Service Commission and that the Commission lacks the statutory authority to disburse the bond's proceeds to the intended recipients. Brydon, Swearengen & England, P.C. and Southwestern Bell Telephone Company filed comments about the proposed replacement rule. Neither comment addressed the proposed rescission. A public hearing was held on September 6, 2000. The Commission concludes that the existing rule is unworkable because of the Commission's

inability to disburse the bond's proceeds to the intended recipients. Therefore, the surety bonding requirement for basic local telecommunications companies should be rescinded.

Division 240—Public Service Commission
Chapter 32—Telecommunications Service

ORDER OF RULEMAKING

By the authority vested in the Missouri Public Service Commission under sections 386.040, RSMO 1994 and 386.250(6), RSMO Supp. 1999, the commission withdraws a rule as follows:

4 CSR 240-32.110 Surety Instrument Requirements for Basic Local Telecommunications Companies is withdrawn.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on August 1, 2000 (25 MoReg 1957-1960). This proposed rule is withdrawn.

SUMMARY OF COMMENTS: The commission received written comments regarding the proposed rule from the Staff of the Public Service Commission, Brydon, Swarengen & England, P.C., and Southwestern Bell Telephone Company. A public hearing was held on September 6, 2000.

The proposed rule would require the appointment of a corporate trustee to handle disbursement of the proceeds of the bond to eligible claimants. The comments of the Staff of the Public Service Commission indicate that Staff contacted numerous Missouri banks to determine if they would be willing to serve as corporate trustee under the terms of the proposed rule. The banks that responded indicated that they had serious reservations about serving in that capacity because of concerns about the obligation of the corporate trustee to sort out valid from invalid claims. In response to those concerns Staff suggested extensive changes to the proposed rule to simplify the duties of the corporate trustee. Brydon, Swarengen & England, P.C., a Jefferson City law firm, filed comments on its own behalf, expressing concern that compliance with the proposed rule would be extremely difficult and expensive because of the anticipated difficulty of finding a corporate trustee willing to serve under the surety instrument required by the rule. Those difficulties could create a barrier to entry that would discourage competition in the local telephone service market. Southwestern Bell Telephone Company filed comments generally supporting the proposed rule but suggesting extensive changes in the wording of the rule.

Based on the comments received, the Commission concludes that the rule it has proposed will be unworkable and could create an unreasonable barrier to the entry of new competitors into the local telephone service market. Therefore, the proposed rule is withdrawn.

Title 20—DEPARTMENT OF INSURANCE
Division 200—Financial Examination
Chapter 1—Financial Solvency and Accounting Standards

ORDER OF RULEMAKING

By the authority vested in the director of the Department of Insurance under sections 374.045, RSMo Supp. 1999 and 376.676, RSMo Supp. 2000 (S.C.S.H.B. 1739, 90th Gen. Assembly, 2d R. Sess. 2000), the director adopts a rule as follows:

20 CSR 200-1.160 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on July 17, 2000 (25 MoReg 1871–1895). Those sections with changes are reprinted here. This proposed rule becomes effective **January 1, 2001**.

SUMMARY OF COMMENTS: A hearing was held on September 5, 2000, at 10:00 a.m., in accordance with notice given at 25 MoReg 1871-1895. All comments received during the public comment period were considered. Comments favored the promulgation of the proposed rule but with suggestions for two minor changes. No one testified or offered comments opposing the proposed rule. Substantial evidence was received at the hearing that the rule was necessary for the proper governance of the value of life insurance policies.

COMMENT: (This comment was received prior to the comment period and prior to the publication of the Proposed Rule.) The adoption of the model regulation will reduce the availability of fully guaranteed term insurance premiums, because the fully guaranteed term insurance will be priced out of the marketplace. Companies will instead market term policies with a non-level premium using a level-plan illustration and unsuspecting consumers will find their premiums increased after the passage of an initial guaranteed period. Insurance departments should ban term policies that do not have guaranteed premiums.

RESPONSE: The comment suggests that the director not require fiscally sound reserving criteria for guaranteed premium life policies unless he bans non-guaranteed premium policies altogether. Assuming the director had the authority to ban non-guaranteed premium policies, such a step is not necessary. At its core, the comment concerns marketing of non-guaranteed policies. The proposed rule is not directed to marketing, but rather to ensuring that the benefits of certain types of insurance policies will be available as promised. The director has already adopted advertising regulations forbidding deception concerning policy premiums. Policies are typically less expensive where the company has the right to raise premiums, and this feature may be important to many consumers. It is difficult to see the logic in removing non-guaranteed products from the marketplace merely because the proposed rule regulates reserving practices concerning other products. The department rejects the comment.

COMMENT: American Council of Life Insurers (ACLI) supports the adoption of the regulation with two suggested changes. First, the cite in paragraph (2)(C)1, to wit: "Minimum Reserves calculated pursuant to section 376.380.1(2)(i)," is incorrect and should be changed to "section 376.380.1(2)(h)." Second, the effective date of the regulation should be changed to either January 1, 2000 or January 1, 2001.

RESPONSE AND EXPLANATION OF CHANGE: The department agrees the citation is incorrect and changes it as suggested. The department agrees that a change in the effective date is warranted, but questions its authority to adopt a retroactive effective date. While the January 1, 2001, date is acceptable to the department, the process of promulgating a regulation is not entirely within the control of the department. Because of the possibility that the process could take longer than anticipated, the department will change the proposed rule to take effect thirty days after the publication of the proposed rule in the *Code of State Regulations* or January 1, 2001, whichever later occurs. The Proposed Rule cannot become effective prior to the passage of thirty days after its publication in the Code.

20 CSR 200-1.160 Valuation of Life Insurance Policies

- (C) "Deficiency reserves" means the excess, if greater than zero, of—

 - 2. Basic reserves.

(7) Effective Date. This rule shall become effective thirty (30) days after publication in the *Code of State Regulations* or on January 1, 2001, whichever later occurs.
